***** Tires Terms and Conditions *****

Purpose:

The purpose of this RFB is to establish a Contract for the purchase of Tires by the State of Alabama. Contract prices are available to all local governmental agencies and schools. This Contract is for Goodyear brand tires only.

Award:

Award will be made All or None to the lowest responsible bidder meeting all specifications.

We will use the following scenario to award this RFB:

The purchase of \$1000.00 of tires less the percent off for each of the seven product lines.

We will add the seven product lines and award the RFB to the Vendor with the lowest total amount.

The State of Alabama requires that the Awarded Vendor have the ability to give prompt and efficient service throughout the state and to supply a full line of all types and sizes required by the state for each tire category of this contract. The state requires awarded vendor and/or sub-vendor to have an established place of business within a 25 mile radius for all cities where the population is 5,000 persons or greater for categories of tires under passenger, light truck & pursuit.

The awarded vendor shall be required to publish, print and distribute the catalog upon which they based their bid. This catalog must reflect all categories awarded to the vendor. If the state finds that there are discrepancies in the catalog and there was willful intent by the vendor the contract will be canceled and the Vendor may be debarred from conducting business with the State of Alabama for a period to be determined by the Purchasing Director.

Ordering Procedure:

When an agency is purchasing tires other than an emergency it is the agency's responsibility to notify the sub-vendor 3 days prior to arrival so that the sub-vendor has the tires in stock. If the agency has followed this procedure and the sub-vendor does not advise the agency of a delay, then when the agency arrives for purchase and/or installation the vendor/sub-vendor must supply tires equal to or better than the tires requested by that agency.

Delivery:

Delivery required only for bulk orders to various locations throughout the 67 counties in Alabama. Deliveries are to be F.O.B. destination to the ship to address on the purchase order. All bulk orders require the agency to purchase 25 or more tires. All shipments are to be unloaded by the vendor and to be acknowledged by signature by the receiving agency. All deliveries are to be within 30 days of the vendor's receipt of the purchase order, unless advised by the vendor of a delay.

Note: it is the vendor's responsibility to pay any storage and/or return freight charges incurred by the state as a result of the vendor's failure to conform to product specifications and the purchase order.

Pickup of used tires must coincide with delivery of an order placed against the contract.

Proration

Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the State to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the State to make such payment (proration of appropriated funds for the State having been declared by the governor pursuant to Section 41-4-90 of the Code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

Intent to Award

The State of Alabama – Division of Purchasing will issue an ‘Intent to Award’ before a final award is made. A detailed explanation of this process may be reviewed in the Alabama Administrative Code – Chapter 355-4-1(14).

The purpose of this RFB is to establish a Contract for the purchase of Tires by the State of Alabama. Contract prices are available to all local governmental agencies and schools. This Contract is for Firestone/Bridgestone brand tires only.

Award:

Award will be made All or None to the lowest responsible bidder meeting all specifications.

We will use the following scenario to award this RFB:

The purchase of \$1000.00 of tires less the percent off for each of the seven product lines.

We will add the seven product lines and award the RFB to the Vendor with the lowest total amount.

The State of Alabama requires that the Awarded Vendor have the ability to give prompt and efficient service throughout the state and to supply a full line of all types and sizes required by the state for each tire category of this contract. The state requires awarded vendor and/or sub-vendor to have an established place of business within a 25 mile radius for all cities where the population is 5,000 persons or greater for categories of tires under passenger, light truck & pursuit.

The awarded vendor shall be required to publish, print and distribute the catalog upon which they based their bid. This catalog must reflect all categories awarded to the vendor. If the state finds that there are discrepancies in the catalog and there was willful intent by the vendor the contract will be canceled and the Vendor may be debarred from conducting business with the State of Alabama for a period to be determined by the Purchasing Director.

Ordering Procedure:

When an agency is purchasing tires other than an emergency it is the agency's responsibility to notify the sub-vendor 3 days prior to arrival so that the sub-vendor has the tires in stock. If the agency has followed this procedure and the sub-vendor does not advise the agency of a delay, then when the agency arrives for purchase and/or installation the vendor/sub-vendor must supply tires equal to or better than the tires requested by that agency.

Delivery:

Delivery required only for bulk orders to various locations throughout the 67 counties in Alabama. Deliveries are to be F.O.B. destination to the ship to address on the purchase order. All bulk orders require the agency to purchase 25 or more tires. All shipments are to be unloaded by the vendor and to be acknowledged by signature by the receiving agency. All deliveries are to be within 30 days of the vendor's receipt of the purchase order, unless advised by the vendor of a delay.

Note: it is the vendor's responsibility to pay any storage and/or return freight charges incurred by the state as a result of the vendor's failure to conform to product specifications and the purchase order.

Pickup of used tires must coincide with delivery of an order placed against the contract.

Award:

Award will be made All or None to the lowest responsible bidder meeting all specifications.

We will add the seven product lines and award the RFB to the Vendor with the lowest total amount.

If the state finds that there are discrepancies in the catalog and there was willful intent by the vendor the contract will be canceled and the Vendor may be debarred from conducting business with the State of Alabama for a period to be determined by the Purchasing Director.

Ordering Procedure:

When an agency is purchasing tires other than an emergency it is the agency's responsibility to notify the sub-vendor 3 days prior to arrival so that the sub-vendor has the tires in stock. If the agency has followed this procedure and the sub-vendor does not advise the agency of a delay, then when the agency arrives for purchase and/or installation the vendor/sub-vendor must supply tires equal to or better than the tires requested by that agency.

Delivery:

Delivery required only for bulk orders to various locations throughout the 67 counties in Alabama. Deliveries are to be F.O.B. destination to the ship to address on the purchase order. All bulk orders require the agency to purchase 25 or more tires. All shipments are to be unloaded by the vendor and to be acknowledged by signature by the receiving agency. All deliveries are to be within 30 days of the vendor's receipt of the purchase order, unless advised by the vendor of a delay.

Note: it is the vendor's responsibility to pay any storage and/or return freight charges incurred by the state as a result of the vendor's failure to conform to product specifications and the purchase order.

Pickup of used tires must coincide with delivery of an order placed against the contract.
